PROFESSIONAL SUMMARY

Lead Engineer at Samsung Research Institute Bangalore working on AI for personalization and computer vision. Ph.D. from IIT Madras with research in text-to-image generation, representation learning, and segmentation. Interested in practical AI systems that connect research ideas with reliable product experiences.

EXPERIENCE

Lead Engineer

May 2025 - Present

Samsung Research Institute Bangalore

- Working on AI features for Samsung devices, including personalization, action prediction, and privacy-aware learning.
- Built and trained an action prediction model for mobile personalization workflows.
- Studied ways to personalize image models across devices while handling differences between users.

AI Scientist

Dec 2024 - Mar 2025

8bit.ai / CtrlS-Cloud4C

- Built AI and computer vision tools for enterprise analytics, safety monitoring, and compliance tracking.
- Collaborated with manufacturing and finance clients on deployable AI solutions.

Research Intern

Nov 2023 - Aug 2024

Sony Research India

- Researched faster text-to-video generation while keeping visual quality and text alignment strong.
- Used efficient training methods and caption refinement to improve video generation workflows.

SELECTED PUBLICATIONS

- End-to-end Training for Text-to-Image Synthesis using Dual-Text Embeddings, TMLR 2025.
- Unsupervised Co-generation of Foreground-Background Segmentation from Text-to-Image Synthesis, WACV 2024; extended version in CVIU 2024.
- Self-Distillation on Conditional Spatial Activation Maps for FG-BG Segmentation, CVPR Workshop 2024.
- Breast Cancer Segmentation using UNet and Global Convolutional Networks, ICPR 2024.

EDUCATION

IIT Madras

Ph.D. Computer Science and Engineering, 2018 - 2025

CGPA: 8.5/10

NIT Hamirpur

M.Tech Computer Science, 2016 - 2018

CGPA: 9.42/10

GITAM University

B.Tech Computer Science, 2012 - 2016

CGPA: 8.5/10

SKILLS

Python

C/C++

PyTorch

TensorFlow

OpenCV

HuggingFace

Generative AI

Computer Vision

Edge AI

AWARDS

- Samsung New Vallery Project Award.
- Samsung Part of Team Awesome Award.
- Samsung AI Expert - Workera.
- Star Teaching Assistant Award, IIT Madras.
- GATE Rank 2674 (2017) and 3612 (2016).

ACADEMIC SERVICE

- Reviewer for CVPR and ECCV.

- Teaching Assistant at IIT Madras for Deep Learning, Pattern Recognition and Machine Learning, Operating Systems, and Computer Architecture.
- Mentored 20+ undergraduate projects in computer vision and deep learning.
